HOW THE STRATEGY WORKS

-FOR A **SELL SETUP** OUR LINES (BLACK,BLUE,RED) HAVE TO BE ABOVE THE 75 MARK (WRITTEN STRONG SELL ON THE PICTURE ABOVE) ON OUR MAIN CHART THE GOLD LINE MUST CROSS THE BLACK LINE CONFIRMING OUR ENTRY POINT . I.E YOU ONLY ENTER A SELL WHEN OUR LINES (BLUE,BLACK,RED) ARE ABOVE THE 75 MARK AND ALSO

WHEN THE GOLD LINE CUTS THE BLACK LINE . AS IT WILL BE SELLING DON'T BE AFRAID OF SPIKES ,THEY ARE JUST SNIPERS. CONTINUE TO SELL .YOU CAN WAIT OR TAKE PROFIT WHEN THE BLACK ICHIMOKU LINE TOUCHES THE 50 MARK (WRITTEN WAIT OR TP ON THE PICTURE ABOVE)

FOR A **BUY SETUP** (TRADING SPIKES)

-ALL OUR LINES HAVE TO BE BELOW THE 25 MARK (WRITTEN AS STRONG BUY ON THE PICTURE ABOVE)

N.B ZOOM OUT TO THE LAST LEVEL FOR YOU TO BE SURE AND PERFECT ENTRIES . ALSO MAKE SURE ALL CONDITIONS ARE MET BEFORE YOU TAKE A TRADE.MAKE SURE YOU COPY AS IT IS INCLUDING THE BACKGROUND COLOUR .PUT ALL COLLOURS AS THEY ARE SHOWN ON THE PICTURES.
